

**Robert Canright's Closing Statement, Plano Homeowners Council,
Meet the Candidates, 4/3/2008**

Let me tell you my vision for the future. When people need leaders in the future, to head a large corporation or to be a Congressman or Senator, they are not going to say, "Let's get a Harvard grad," or, "Let's get a Yale grad," they're going to say, "Let's get a Plano grad." Texas has sent many Presidents to the White House, and I think we can send the best one ever. We can develop the best leaders in America right here. Please vote for me.
